PERSONS DESIRING TO ADDRESS TOWN BOARD:

Mrs. Edith Fuldauer, 12 Clark Street, informed the Town Board that she felt all ambulance drivers should have scanners so they can be easily called when they are needed to drive the ambulance.

Mr. Dennis Perry, Vice-President of Marrano Enterprises, and Mr. James Riffel, Vice-President of Josela Enterprises, discussed with the Town Board at great length the procedures which have been set up by the Town of Lancaster for the installation of public improvements within a subdivision and the need to take a new hard look at these requirements and see if they are truly realistic for developing a subdivision under current economic conditions.

The Board informed Mr. Perry and Mr. Riffel that they are aware of the problems of the developer and that they are looking for alternatives to the procedures set up for past subdividers, and the Town Engineer has been instructed to inform the Board what is being done in other progressive towns in this area and upon receipt of the engineer's report, the Town Board will again address themselves to this matter.
